SELECT CORRECT PHOTOBOOK TEMPLATE

If you have purchased **e.g a 30x30cm photobook with custom Dust Jacket**, make sure you select the correct template from the Photobook selection.
Make sure you have the template with the cover. This will show in your photobook window.
If the first page is black, you have chosen the wrong template.
You can change this from the **File Menu dropdown > Change Book**. you can select the correct book. Your existing work will not be affected.
